HIGHER EDUCATIONAL AIDS BOARD

Academic Excellence Scholarship—International Baccalaureate Option

Motion:

Move to give high schools the option to offer one of their academic excellence scholarships to the top high-school graduate of the International Baccalaureate (IB) Diploma Program if such a program is offered at the high school.

Note:

This motion would allow the local school board the option to offer one of their academic excellence scholarships to the top high-school graduate receiving an IB diploma, if the IB diploma program is offered in the school district. Currently, the academic excellence scholarship program provides scholarships to selected 12th grade students who have the highest grade point average in each public and private high school in the state. The number of scholarships for which each high school is eligible is based on total student enrollment.

The IB program is a rigorous pre-university course of studies taken by a student in his or her junior and senior years in high school. A student must take courses in six subject areas and pass an examination in each in order to complete the program. In addition, the student is required to participate in community service or other extracurricular activities and write a 4,000-word essay. Currently, five high schools in the state offer the IB program.
